■ **GOOD SHEPHERD CENTER [TRC Plan Review #2]**

TECHNICAL STANDARDS – Barrier Free Design:

1. The proposed Van Accessible Handicap Sign Detail shows the sub-plate above the Reserved Parking sign, instead of beneath the HC sign. Please revise the sign and detail.
2. Please reposition the proposed wheel stops to make the 2.5' allowance for vehicle overhang and to ensure 4' of the sidewalk remains clear for pedestrian use. [[Chapter VII, Detail SD 15-13 CofWTSSM](#)]
3. Please show location of handicap ramp(s) and signs and provide details on the plan.
4. Increase the Driveway taper widths from 5' to 13' per chart 4, two way driveways on two way streets, which are not 1-2 family residential uses. [[Chapter VII, Table 4, pg. 7-10 CofWTSSM](#)]

Please let me know if you have any questions or if I can be of further assistance as this development moves through the review process.
